Objective

A passionate and growth-oriented developer who thrives on turning ideas into real, working solutions. While still sharpening technical skills, I consistently leverage AI-assisted workflows to accelerate development and close knowledge gaps — allowing me to ship meaningful results alongside experienced teammates.

Skills

Frontend & Mobile

HTML / CSS • JavaScript • TypeScript • React Native (Expo)

Backend & API

Python • Node.js • Fastify • REST API Design

Workflow & Tools

AI-assisted development • Git & version control • Collaborative team workflow

Awards

- 3rd Place in Web Development (UNIPRO STAGE IX) — Universitas PGRI Kanjuruhan Malang
- UNIPRO STAGE X FINALIST — Universitas PGRI Kanjuruhan Malang
- TOP 10 FINALIST (SITEFEST 4.0 – National) — Primakara University

I Komang Tio Pramana

Software Engineer Student
tiopramana

Experience

Mobile App & REST API (Internship) • Tropialis.com • 10/2025 - 02/2026

Developed a full-stack application as part of a cross-functional team to digitize and streamline business operations.

- Worked in a role-divided team: teammate handled UI/UX design, I handled implementation & API, senior developer supervised the database
- Implemented UI/UX designs into a mobile/web app using Expo (React Native)
- Built and maintained a REST API using Fastify (Node.js)

Education

Junior High School • 2023 • SMP WIDIATMIKA

Vocational High School • 2026 • SMK TI Bali Global Jimbaran

Volunteer Experience Or Leadership

Project Lead – Mobile App Development (PKL)Tropialis.com - Nusa Dua, Bali, Indonesia 10/2025 - 02/2026

Led a cross-functional team to deliver a full-stack mobile application during industrial internship.

- Delegated UI/UX design to teammate while personally handling frontend implementation and REST API development
- Bridged the design and database sides, coordinating with senior developer to ensure smooth integration

Team Lead – Web Development Competition (UNIPRO & SITEFEST) Various | 2025 - 2026

Led a 2-person team across multiple national-level web development competitions.

- Delegated tasks strategically: built the HTML structure while directing teammate on CSS styling and animations
- Achieved recognition in 3 national-level competitions: UNIPRO STAGE IX (3rd Place), UNIPRO STAGE X (Finalist), and SITEFEST 4.0 (Top 10 National Finalist)
